

Main Manual**5.2 QHSE-Policy**

The QHSE-Policy is displayed on the companies website. It describes the philosophy and vision of our company and the objectives of our work. It is basis for all employees to put into action the following goals:

1. Customer satisfaction

It is our primary goal to fulfil the requirements of our customers to the quality of our work. This is reflected by our maxim: "Anchored by excellence!"

2. Identification of opportunities and risks

We adhere to a proactive approach in order to be well-prepared for the future.

3. Protection of the environment

All personnel serving for, or being employed by our company are encouraged to reduce or eliminate the risk of pollution whenever possible. It is mandatory for the individual as well as for the company to protect the environment and all employees are advised to adopt a mature, positive attitude in this respect. We are employed in a very environment-conscious branch and fully adhere to this requirement.

4. Avoidance of harm to human beings

We identify and manage risks to as low as reasonably practicable where they have the potential to cause an accident, injury or illness to human beings. Especially the offshore-industry demands an extremely high occupational health and safety standard from us.

5. Safe working conditions

We provide safe work places and systems of work and empower employees and contractors to address unsafe or hazardous situations and carry out their work in a manner that does not present a risk to themselves or others.

6. Compliance with environmental-, health- and safety laws

We will at any time follow all applicable national and international Codes, guidelines, rules and regulations regarding the protection of the environment, health and safety and other requirements to which the organisation subscribes.

7. Doing things right straight away

Our services are focused on convincing our customers with good work and prevention of accidents and pollution straight away. We react immediately to any malfunction by analysing and overcoming their cause. In addition we strive for continual improvement.

8. Competency and professional behaviour

We guarantee the high quality of our work by continuously training our personnel. Therefore we provide required methods, resources and trainings to prove our competency and our professional behaviour every day.

9. Keeping and gaining customers

To reach our ambitious goals we do our utmost to keep our existing customers and to attract new customers.

10. Efficiency

In the long run our objectives facilitate the efficiency and the successful development of our company.

In order to reach these quality-, occupational health, safety- and environmental objectives we ensure that our QHSE-management system in conformity with DIN EN ISO 9001:2015, DIN EN ISO 14001:2015 and OHSAS 18001:2007 is understood, put into practice and maintained at all levels of our organisation.
